RETURN RECEIPT REQUESTED

Dear Mr. Beckstead:

On September 30, 1997 we received your incomplete Plan of Operations for milling and stockpiling activities on your Dolomite 1-3, 10-12, and 23-26 millsite claims located in T. 1 S., R. 7 W., Section 25. On November 17, 1997 we received your reclamation bond in the amount of \$24,000 and a map of the project area certified by a Professional Engineer (PE), however, we did not receive the PE's actual calculations for the bond amount.

In December 1997, Michael Ford of my staff contacted you by telephone, and reminded you that we could not process your Plan of Operations without first receiving the PE's certified estimated reclamation cost. At that time, you indicated that it would be sent to our office as soon as possible. We still have not received this information, and your Plan of Operations is still considered to be incomplete.

Please provide the requested information within 15 days of receipt of this letter, or we will consider your Plan of Operations to be withdrawn, and we will expect reclamation of the mill site area to begin on that date, in accordance with the standards described in 43 CFR 3809.

If you have any questions, or require additional information, please feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

Acting ALICE STEPHENSON
